FROM THE LEADER...

Another Issue of INBOX, is always a personal pride because it maintains the spirit consistently with serving the purpose meant for. Last year was a technically fruitful year for us as students have come out with various projects in the area of Artificial intelligence, Big data and IOT. I appeal all the members of computer science department to contribute to improve the technical assets of the department as shortly we are going to face NBA accreditation. I hope the prime motto of the department for the upcoming years will be academically strong skill development and building good attitude for our students. I also like to see the energetic contributions from various mentoring team.

ALUMNI CORNER

Factors that Determine Your Success – Attitude and Aptitude

Ms. Neena Susan Shaji
(2012 Pass out)
Asst. Prof, Mangalam
college of Engineering

***“If u salute your
duty, you no
need to salute
Anybody”***

Ms. Neethu Tom
Assistant Professor

There is an informal consensus that, “Attitude can be your best friend or your worst enemy”. Attitude is one factor that is universally acknowledged to be capable of overcoming every possible disadvantage. Attitude is also that one factor that can destroy the benefits of every possible advantage.

Attitude is a complex mental state involving beliefs, feelings, values and dispositions to act in certain ways. Attitude refers to the way in which your mind, that part of you that thinks, perceives,

believes, reasons and imagines, is oriented relative to the circumstances both within you (genetic and habitual dispositions) and outside of you (organizational, cultural, social and ecological rules that you play).

Attitudes are positive, negative or neutral views of an “object”. Our attitude is formed during our childhood days and it lasts a lifetime. Undoubtedly, it would be a lot easier and better

to have acquired a positive attitude during our formative years.

“Looking for the positive does not necessarily mean overlooking faults. Being a positive thinker does not mean one has to agree or accept everything. It only means that a person is solution-focused” – Shiv Khera, Author of “You Can Win”.

FACULTY CORNER

Nagios is a well-known name in the world of network monitoring software and offers a free version of its software.

Full disclaimer: Nagios is free as long as you use a single license; more than that will cost you. That aside, Nagios Core offers a comprehensive monitoring solution that tracks applications, servers, services, network protocols, and

system metrics, among other things. It also offers dynamic alerts, which you can configure to receive through email, a custom script, or SMS.

Nagios Core also offers integration with third-party applications and hundreds of free add-ons from an active community.

INDUSTRIAL VISIT

- As part of Industrial Visit, our students of S2 have visited UST Global, Kochi on 12th and 13th of July 2017.
- Students of S6 have visited TCS, Kochi on 23rd June 2017.

***“If u Pollute
your duty, U
have to salute
Everybody”***

GRADUATION DAY 2013-2017 BATCH

STUDENT PUBLICATIONS

- Ahammed Meeral and Jinu Joy of CS8 published a paper on “A Highly Secured IoT Based Modern Emergency Care System Using Body Sensor Network“ in an International Journal, IJAR CET, Vol 6 Issue 4, April-2017 under the guidance of Ms. Gayathri R Krishna.

Jinu Joy

***“A Goal without
a plan is just a
Wish”***

EXPERT TALK

- Mr. Prem Das (Software Engineer, IBS) has conducted an expert talk on ‘**Version Control System**’ for our students in association with Technology and Innovation Club on 15th July 2017.

STUDENT ACHIEVEMENTS

- Our student Anjali K.K of S6 A batch has secured First position in **DRAMA** held as part of RAGAM'17 conducted by National Institute of Technology, Calicut from 24th to 26th March. She also got first position in National Level Techno-Management Cultural Fest, Conjura'17 at TKM College of Engineering from 16th to 19th March 2017.
- Harisankar S of S6 A batch has won the second place in **MUSIC BAND COMPETITION** as part of YVIDH which has held on 23rd March 2017 at St.Thomas College of Engineering and Technology , Chengannur.

***“Your attitude determines your altitude”
“Attitude goes with you wherever you go”***

A FAREWELL PARTY TO OUR 2013-2017 BATCH STUDENTS

HEARTY CONGRATULATIONS TO OUR PLACED STUDENTS

SI No	Name	Company
1	Joby Augustine	Infoview Technologies
2	Arun Jithan	Torry Harris Business Solutions, Compassites Solutions, Audrey Technologies
3	Ahammed Meeral	Ernst & Young
7	Risna Sali	Audrey Tech., Sutherland Global Services
8	Akhil Anil	Compassites Solutions, Sutherland Global Services, Sayone Technologies
9	Siby Mathew Thomas	Audrey Technologies, APT with Reliance Jio
10	Akash P Raj	Audrey Technologies
11	Akshay Raj V	Zerone Consulting, Sutherland Global Services
13	Rinson Chacko	Radview Tech., Sutherland Global Services
14	Shebin John	Zerone Consulting, Radview Tech.
15	Archana Radhakrishnan	Radview Technologies
16	Philip Varghese	Radview Technologies
17	Gizza Merin Thomas	Sayone Technologies, Radview Technologies, Allianz Cornhill Information Services, Sutherland Global Services
18	Firoz Kamal S	Sayone Technologies, Radview Technologies
19	Anju Jose	Radview Technologies

**“Success is
80% attitude
and 20% apti-
tude”
– Funmi Wale**

WORKSHOPS

- Our student of S5 B Mr. Rohit C M has conducted a workshop on the topic '**WEB DEVELOPMENT USING ASP**' on July 25th for 5th semester CSE students.
- Our alumni Mr. Paul George (Microsoft Sharepoint Developer, E&Y) has conducted a workshop on the topic '**MICROSOFT SHAREPOINT**' on July 15th for 7th semester students.

**“Work Hard in
Silence, Let
Success
Make the
Noise”**

- Department of Computer Science & Engineering has conducted a workshop of **PHOTOSHOP** on 6th and 7th July, **WEB DESIGNING & HOSTING** on 10th July in association with CSI for the third semester students.
- As part of Computer Society of India chapter of Mangalam College of Engineering, Mr. Mahalingum P R, Asst. Professor, Muthoot Institute of Technology & Science, Puthencruz has conducted a one day workshop on **GNU DEBUGGER** for the third semester students on 15th July 2017.

MANGALAM
COLLEGE OF ENGINEERING

Inspire | Imbibe | Innovate

Department of Computer Science and Engineering

VISION

To become centre of excellence in computing and research where future generations embrace technologies wholeheartedly and use its possibilities to make the world a better place to live in.

MISSION

Enlight the young talents to achieve academic excellence as well as professional competence by imparting star of the art knowledge in computing and to be admirable individuals with ethical values and appropriate skills.

PEO1(Focus: Domain knowledge & Problem Solving)

Graduates will have strong foundation and profound knowledge in computing and be able to analyse the requirements of real world problems, design and develop innovative engineering solutions and maintain it effectively.

PEO2(professional Competence & Life long learning)

Graduate will adapt to technological advancements by engaging in lifelong learning and research, thereby contribute to computing profession.

PEO3(Focus: Ethics & Soft skill)

Graduate will foster team spirit, leadership, communication, ethics and social values, which will lead to apply knowledge of societal impacts of computing technologies.
